Directions

1. Print and cut out the pattern. Gather all supplies. (Figure A)
2. Using the pattern pieces, trace and cut out the coffee sleeve, pumpkin, and stem. (Figure B)
3. With the embroidery thread and needle, add stitches to the pieces. TIP: For the coffee sleeve I did a basic blanket stitch, for the stem I did a basic whipstitch and for the pumpkin I used a backstitch. (Figure C)
4. Wrap the coffee sleeve around a coffee cup to determine where to place the Velcro. Hot glue the Velcro to the outside of the coffee sleeve to one end. (Figure D)
5. Glue the pieces together. TIP: I glued the stem to the pumpkin and then glued it to the cozy sleeve. (Figure E)
