

Lollipop Card

By: Rina Gonzales

Supplies Needed:

- 9" x 12" craft cut Kunin Coordinate: Dot Red White Flock (for base of Lollipop)
- 9" x 12" craft cuts Kunin Classicfelt in White (for Swirl), Candy Pink (for Bow), Ivory (for Lollipop Stick)
- Kraft colored card
- Tacky glue or hot glue

How To Make It

1. Die cut all of the pieces to the lollipop using your Sizzix Big Shot and the Laura Kelly Lollipop Flashcard Die. Once you have the pieces cut, you can glue them together using tacky glue or hot glue.
2. Take your kraft colored card and place the scrapbook/background paper on the card. You can adhere the background paper with tacky glue.
3. Add your lollipop to the card and you are ready to gift a very "sweet" card.
