

Summer Pinwheels

Beth Watson

Level: Basic

Time: 30 Minutes

Supplies

- 1 – 9"x12" Craft Cut of Kunin Premium in Orchid
- 1 – 9"x12" Craft Cut of Kunin Premium in Lagoon
- 1 – 9"x12" Craft Cut of Kunin Premium in Candy Pink
- 1 – 9"x12" Craft Cut of Kunin Classic in Bright Lilac
- 1 – 9"x12" Craft Cut of Kunin Classic in Aqua
- 1 – 9"x12" Craft Cut of Kunin Classic in Fuchsia
- 1 – 9"x12" Craft Cut of Kunin Classic in Lemon Frost
- 1 – 9"x12" Craft Cut of Kunin Classic in Gold
- 1 – Hot Glue Gun with Glue Sticks
- 1 – Permanent Fine Point Marker
- 1 – Pair of Scissors
- 1 – Pair of Pinking Shears
- 1 – Pair of Scallop Shears
- 1 – Ruler
- 1 – Pair of Wire Cutters
- Assorted Buttons
- Wooden Dowels

Directions

1. Measure a 5"x5" square from each color of Premium and Classic Felt. Cut the light colors with straight scissors. Cut the dark colors with pinking shears and scallop shears. Lightly mark an "X" on each square by drawing diagonal lines from corner to corner with ruler and fine point

marker. Cut diagonal lines on the light felt with straight scissors, stopping 1" from center. Cut diagonal lines on the dark felt with pinking shears and scallop shears, stopping 1" from center. (Figure A)

Directions continued on following page >

Directions continued...

2. Layer lighter felt squares on top of darker felt squares. Using a hot glue gun, place a dollop of glue in the center of the square. Bend the top left corner of the pinwheel square to the center and hold in place until glue sets. Repeat to complete the pinwheel. Glue every other corner of the triangles to create the shape. Set aside for glue to cool completely. (Figure B)
3. On the front side, affix color-coordinating buttons or mix it up with different colored buttons using hot glue. If your

buttons have a loop (or shank) on the back remove with wire cutters. Set aside until glue has cooled. (Figure C)

4. Flip over and attach wooden dowel to the back of the pinwheel with a line of hot glue 1" long. Allow glue to cool completely. Display as you wish! (Figure D)
